Vision coverage can help you save in more ways than one

Eye exams are often early indicators of major health conditions like diabetes and cardiovascular disease. And, of course, early detection can mean lower health care costs for everyone. But did you know that a slight miscorrection in eyesight can reduce productivity by 10% and work accuracy by nearly 40%? Provide coverage employees need to maintain healthy eyes and you can save in more ways than one. And now there's Blue View Vision, one of the most flexible vision plans you'll see.

Clear advantages

- Blue View Vision offers access to a broad, convenient network of more than 50,000 providers and provider locations across the country.
- The network includes independent optometrists and ophthalmologists, as well as national retail locations such as LensCrafters[®], Target Optical[®], Sears OpticalSM and JCPenney[®] Optical.
- Prescription eyewear is delivered quickly - in as little as one hour in some locations.
- Our customer service hours are among the longest in the industry.
- Rich benefits include:
 - \$120 standard frame allowance
 - \$115 elective contact lens allowance
- Allowances can be applied to the provider's frame selection
- Factory scratch coating on eyeglass lenses included at no additional cost
- Transitions[®] and polycarbonate lenses for kids under 19 years old at no charge
- Transitions lenses for adults at a fixed price of \$75
- Tiered pricing for premium progressive lenses and premium anti-reflective coatings, limiting members' out-of-pocket cost
- Members who have our vision coverage and our 360[°] Health[®] program included in their health plan may be enrolled in our ConditionCare: Diabetes program if their vision claims include a diagnosis of diabetes.

More savings

Members will get a 20% savings off the balance when members select a frame greater than their plan allowance. They can also save 15% to 40% on noncovered materials such as extra pairs of glasses, conventional contact lenses, lens treatments, specialized lenses and other items. This savings can be used for unlimited purchases — even after vision benefits are exhausted.

Plus, through our SpecialOffers@Anthem.comSM program, members can save on all kinds of health and wellness products and services, including laser vision correction surgery. For more information, go to anthem.com/specialoffers.

Easy-to-use benefits

To find a provider, visit anthem.com/ca or call Customer Service at 866-723-0515.

Our Blue View Vision providers take care of all paperwork. Members just:

- Make an appointment with a network provider.
- Present their ID card at the time of service.
- Pay any applicable copay and any balance for noncovered services.

You – and your employees – will appreciate Blue View Vision's value, quality and affordability.

Plan options and participation requirements

Employer-Paid Vision Plans

Employers in California can choose from Blue View and Blue View Plus plans offered with the BeneFits and EmployeeElect plans.

At least 75% of the eligible employees must participate when the employer offers vision coverage on a stand-alone basis, or along with BeneFits and EmployeeElect health coverage.

Voluntary Vision Plans

Blue View and Blue View Plus are also available on a voluntary basis. With voluntary benefits, you can give your employees access to the additional coverage they need – and at no extra cost to you. Voluntary vision plans are available for small groups when five or more eligible employees enroll.
