

Your Summary of Benefits Dental Blue® PPO Plan

Dental Blue Plan Silver 100-80 Network 100

For Groups of 2-50 Employees

WELCOME TO DENTAL BLUE!

This benefit summary outlines the basic components of your plan, providing you with a quick reference of your dental plan benefits. For complete coverage details, please refer to the plan certificate.

Emergency dental treatment for the international traveler. As an Anthem dental member, you and your eligible, covered dependents automatically have access to the International Emergency Dental Program administered by DeCare Dental. DeCare Dental is a wholly owned subsidiary of the parent company of Anthem Blue Cross. With this program, you may receive emergency dental care from our listing of credentialed dentists while traveling or working nearly anywhere in the world.

Promoting healthy mouths for pregnant and diabetic members. If you are pregnant or living with diabetes, you can receive one additional dental cleaning or periodontal maintenance procedure a year. And we'll also reach out to you with our Future Moms and ConditionCare: Diabetes programs if you are enrolled in the 360° Health® program.

Savings beyond your plan benefits. You get more for the money. You pay our negotiated rate for covered services from in-network dentists even if you exceed your annual maximum, if your plan has waiting periods and if any other contractual limitation applies, such as coinsurance, deductibles, or if frequency limitations have been exceeded. For instance, if a plan covers two cleanings a year, and you receive a third cleaning, you would receive our negotiated rate for the third cleaning.

This is not a contract. It is a partial listing of benefits and services. All covered services are subject to the conditions, limitations, exclusions, terms, and provisions of the dental certificate. In the event of a discrepancy between the information contained in this benefit summary and that in the dental certificate, the dental certificate will prevail.

Choice of Dentists

While your plan lets you choose any dentist, you may end up paying more for a service if you visit an out-of-network dentist.

Here's why: In-network dentists have agreed to payment rates for various services and cannot charge you more. On the other hand, **out-of-network** dentists don't have a contract with us and are able to bill you for the difference between the total amount we allow to be paid for a service - called the "maximum allowed amount" - and the amount they usually charge for a service. When they bill you for this difference, it's called "balance billing."

How we decide on maximum allowed amounts

For services from an out-of-network dentist, the maximum allowed amount is based on information in a third-party vendor database. The database is made up of charges for American Dental Association (ADA) services that have been gathered from dentists in your ZIP code area. For example: Sue's plan pays for out-of-network dental services at the 80th percentile. This means the amount we pay will be no less than 80% of similar charges gathered from Sue's ZIP code.

Here's an example of higher costs for out-of-network dental services

This is an example only. Your experience may be different, depending on your insurance plan, the services you get and who provides the services.

Ted gets a crown from an out-of-network dentist, who charges \$1,200 for the service and bills Anthem for that amount. Anthem's maximum allowed amount for this dental service is \$800. That means there will be a \$400 difference, which the dentist can balance bill Ted.

Since Ted will also need to pay \$400 coinsurance, the total he'll pay the out-of-network dentist is \$800. Here's the math:

- Dentist's charge: \$1,200
- Anthem's maximum allowed amount: \$800
- Anthem pays 50%: \$400
- You pay 50% (coinsurance): \$400
- Balance you owe the provider: \$1,200 - \$800 = \$400
- Your total cost: \$400 coinsurance + \$400 provider balance = \$800

In the example, if Ted had gone to an in-network dentist, his cost would be only \$400 for the coinsurance; because he would not have been balance billed the \$400 difference.
